

COALITION AGAINST STRUCTURAL INEQUALITY

This forum is responding to recent racist and sexist incidents at UCLA and their underlying causes. These problems cut across community lines and campus spaces, requiring creative and contextual solutions. This event will give concerned students, staff, faculty, and alumni opportunities to collaborate through workshops in generating meaningful solutions.

A Forum to Reclaim Diversity

April 23, 2015 | 3:00pm-8:00pm | @ Pauley Pavilion

Preliminary ideas for breakout session topics include:

- ✦ An independent bias response system
- ✦ A diversity accountability group
- ✦ Student retention caucus meeting
- ✦ Faculty hiring and mentorship

On this day, we are providing:

- ✦ A dynamic work space to bring coalition partners and stakeholders together
- ✦ Opportunities to learn about current campus climate advocacy and policy work (and ways to get involved!)

We hope you can provide:

- ✦ Necessary feedback of the current conditions impacting your community
- ✦ Stakeholders organizing in your community (i.e., alumni, staff, faculty, students)
- ✦ Current ideas and initiatives your community is working on to improve campus climate
- ✦ Insight on appropriate forum/structure of the conference and day activities
