The SACNAS Records at CSRC

The SACNAS collection at CSRC contains organizational papers including photographs, membership records, committee papers, and audio & visual materials.

About SACNAS

SACNAS is a society of scientists dedicated to fostering the success of Hispanic/Chicano and Native American scientists—from college students to professionals—to attain advanced degrees, careers, and positions of leadership.

About CSRC

Established in 1969, the UCLA Chicano Studies Research Center Library was the first library in the United States to focus on the Mexican-descent population. Today the CSRC Library is considered to have the largest and most important research collections on the Chicana and Chicano experience in the world.
