

2022-23 Faculty Hiring - UCLA Hispanic-Serving Institution Infrastructure Initiative

The UCLA Chicano Studies Research Center (CSRC) is thrilled to promote eight active faculty searches in partnership with various departments (listed below) as part of the [UCLA Hispanic Serving Institution \(HSI\) Infrastructure Initiative](#). UCLA aims to achieve federal designation as a Hispanic Serving Institution by 2025. In preparation for this designation, the Office of the Chancellor and the Executive Vice Chancellor and Provost have sponsored these searches in order to recruit exceptional scholars whose teaching, scholarship and/or mentoring has strong ties to Latinx experiences in the United States. Faculty hired through these searches are expected to maintain an active affiliation to the CSRC and encourage the success of Latinx and first-generation scholars.
