

Update: The Accellion attack impacted University of California (UC), as it previously disclosed in early April. To get the latest information about this event, our response, and available credit protection services, please [visit this page](#).

Pursuant to public health orders, the campus is currently closed to the general public. Only people who are engaged in essential campus operations, are attending approved in-person courses, or are receiving care at UCLA hospitals and clinics are permitted. Please visit [UCLA COVID-19, Bruins Safe Online](#) and the [CDC](#) for more information.
